Answer all the questions. Each question carry one mark.

9. 1. The function of any health care system includes the following -

*Mark only one oval.*

- Proper utilization of healthcare resources
- Provision of health services
- Documentation of medical & non-medical data
- All the above

10. 2. ICDS scheme is in operation at

*Mark only one oval.*

- Village level
- Sub-center level
- Primary health center level
- Community health center level

11. 3. Chaddah committee established a norm of one basic Health Worker for every

*Mark only one oval.*

- 10000 population
- 12000 population
- 9000 population
- None of these

12. 4. The health care system in our country comprises of -

*Mark only one oval.*

- 2 tires
- 3 tires
- 4 tires
- 5 tires

13. 5. Jungalwalla committee was appointed by the Govt. of India in -

*Mark only one oval.*

- 1964
- 1965
- 1967
- None of these

14. 6. BCG vaccination is given against-

*Mark only one oval.*

- Polio
- Measles
- Tuberculosis
- None of these

15. 7. Sub-centers are built at the rate of 1 for every..... population in Tribal & Hilly areas.

*Mark only one oval.*

- 5000
- 4000
- 3000
- 1000

16. 8. Bhore Committee Report was submitted to government of India in

*Mark only one oval.*

1943

1944

1945

1946

17. 9. The health services in any health care system may be of-

*Mark only one oval.*

Primary care level

Secondary care level

Tertiary care level

All of them

18. 10. Community health Centers are built at the rate of 1 for every \_\_\_\_\_ population in tribal and hilly areas

*Mark only one oval.*

5000

6000

3000

8000

19. 11. The term “integrated health services” is defined by -

*Mark only one oval.*

- Kartar Singh Committee
- Mukherjee Committee
- Jungalwalla Committee
- Srivastava Committee

20. 12. MMR is usually expressed as a rate per-

*Mark only one oval.*

- 1,000 live births
- 10,000 live births
- 1,00,000 live births
- None of these

21. 13. Infant is-

*Mark only one oval.*

- Less than 1 year of age
- Less than 2 years of age
- Less than 3 years of age
- None of these

22. 14. Father of medicine is-

*Mark only one oval.*

- Hammurabi
- Hippocrates
- Johanna Peter Frank
- Fracastorius

23. 15. National Health Policy aimed to achieve zero level growth of HIVS/AIDS by-

*Mark only one oval.*

- 2006
- 2007
- 2008
- None of these

24. 16. In spectrum of health the highest point is-

*Mark only one oval.*

- Better health
- Freedom from sickness
- Positive health
- Death

25. 17. Under Janani Shishu Suraksha Yojana, a pregnant woman can get support for-

*Mark only one oval.*

- Normal delivery
- the pregnant women
- transport from home to hospital
- all the above

*Mark only one oval.*

- track down criminal gangs that steal newborn babies from hospital
- track down illegal surrogates' clinics
- create contact database of mothers for providing medical checkup and vaccinations.
- None of above

27. 19. Weekly iron Folic acid supplement program is meant to-

*Mark only one oval.*

- Decrease Anemia in infants
- Decrease malnutrition in adolescent girls in rural areas
- Both
- None

28. 20. Indigenous system of medicine means -

*Mark only one oval.*

- Allopathic medicine
- Homeopathic medicine
- AYUSH
- None of these

29. 21. Infant mortality rate is the ratio of deaths -

*Mark only one oval.*

- Under 1 year of age in a given year to the total number of live births in the same year
- Under 2 year of age in a given year to the total number of live births in the same year
- Under 3 year of age in a given year to the total number of live births in the same year
- Under 5 year of age in a given year to the total number of live births in the same year

30. 22. ELISA is used for the diagnosis of -

*Mark only one oval.*

- Blindness
- AIDS
- Tuberculosis
- Japanese Encephalitis

31. 23. World Health Day is celebrated on -

*Mark only one oval.*

- 7th February
- 7th March
- 7th April
- None of these

32. 24. Epidemiology can be defined as the study of-

*Mark only one oval.*

- Distribution and disease frequency in human
- Frequency of cause of death in human
- Determinants of frequency of disease in human
- All the above

33. 25. The occurrence of a group of illness of similar nature at a rate above the expected number is called-

*Mark only one oval.*

- Epidemic
- Endemic
- Pandemic
- None of these

34. 26. Which of the following disease do not spread by the droplet infection?

*Mark only one oval.*

- Cholera
- Common cold
- Diphtheria
- Whooping cough

35. 27. Expanded Immunization Programme was launched in India in:

*Mark only one oval.*

- 1978
- 1977
- 1979
- 1980

36. 28. RCH was formally launched by Govt. of India in -

*Mark only one oval.*

- March, 1998
- November, 1997
- October, 1997
- January, 1998

37. 29. ORT is -

*Mark only one oval.*

- Oral Rehabilitative Therapy
- Oral Rehydratative Treatment
- Oral Rehabilitative Treatment
- None of these

38. 30. Quality of care is not included to -

*Mark only one oval.*

- Concern for the consumer
- needs of customer
- Concern for the quality of management
- accessibiliy of service

39. 31. Headquarters of European region of WHO is located at -

*Mark only one oval.*

- Geneva
- London
- Rome
- Copenhagen

40. 32. TB is caused by -

*Mark only one oval.*

- Bacteria
- Virus
- Protozoa
- None of these

41. 33. A reservoir of an infectious agent can be -

*Mark only one oval.*

- An Asymptomatic human
- A symptomatic human
- An animal
- The environment

42. 34. The epidemiologic triad of disease causation refers to -

*Mark only one oval.*

- Agent, host and environment
- Time, place, person
- Source, mode of transmission, susceptible host
- John Snow, Robert Koch, Kenneth Rothman

43. 35. In the definition of epidemiology, “distribution” refers to -

*Mark only one oval.*

- Who
- When
- Where
- Why

44. 36. Which of the following is/are related to over-nutrition?

*Mark only one oval.*

- Obesity
- Type 2 diabetes
- Cardiovascular diseases
- All of the above

45. 37. The primary health care in the health care system is the ----- as compared with other levels of care (2nd and 3rd levels)

*Mark only one oval.*

- Less costly for the community and the system
- Less costly for the community but not for the system
- Most costly
- Same costly

46. 38. The ----- is the first contact with individuals in any health care system:

*Mark only one oval.*

- Secondary level of care
- Primary level of care
- Tertiary level of care
- None of these

47. 39. The pathogen of the typhoid is directly transmitted through -

*Mark only one oval.*

- Urine
- Water
- Blood
- Cerebrospinal fluid

48. 40. A sexually transmitted bacterial disease is except -

*Mark only one oval.*

- AIDS
- Syphilis
- Herpes
- Hepatitis A

49. 41. Excessive bleeding from an injury is due to deficiency of -

*Mark only one oval.*

- Vitamin A
- Vitamin B
- Vitamin K
- Vitamin E

50. 42. ELISA – a test is helpful for the detection of which of the followings?

*Mark only one oval.*

- Leprosy
- Cancer
- AIDS
- Malaria

51. 43. Typhoid is caused by a species of -

*Mark only one oval.*

- Streptococcus
- Salmonella
- Staphylococcus
- Mycobacterium

52. 44. Immune deficiency syndrome could develop due to -

*Mark only one oval.*

- Defective liver
- Defective thymus
- AIDS virus
- Weak immune system

53. 45. AIDs spreads through -

*Mark only one oval.*

- Blood transfusion
- Placental transmission
- Sexual contact
- All of the above

54. 46. Malaria is caused by:

*Mark only one oval.*

- Ascaris
- Plasmodium
- Entamoeba
- Trypanosoma

55. 47. Scurvy is developed due to the deficiency of -

*Mark only one oval.*

- Iodine
- Vitamin B
- Vitamin A
- Vitamin C

56. 48. Small pox and rabies are caused by-

*Mark only one oval.*

- Bacterium
- Virus
- Protozoan
- Nematode

57. 49. An ideal health indicator should be -

*Mark only one oval.*

- Sensitive
- Specific
- Relevant
- All of the above

58. 50. The function of any health care system includes the following -

*Mark only one oval.*

- Proper utilization of healthcare resources
- Provision of health services
- Documentation of medical & non-medical data
- All the above

59. 51. ICDS scheme is in operation at

*Mark only one oval.*

- Village level
- Sub-center level
- Primary health center level
- Community health center level

60. 52. The health care system in our country comprises of -

*Mark only one oval.*

- 2 tiers
- 3 tiers
- 4 tiers
- 5 tiers

61. 53. Jungalwalla committee was appointed by the Govt. of India in -

*Mark only one oval.*

- 1964
- 1965
- 1967
- None of these

62. 54. BCG vaccination is given against-

*Mark only one oval.*

- Polio
- Measles
- Tuberculosis
- None of these

63. 55. Which level of prevention is applicable for implementation in a population without any risk factors?

*Mark only one oval.*

- Primordial prevention
- Primary prevention
- Secondary prevention
- Tertiary prevention

64. 56. Congenital diseases are:

*Mark only one oval.*

- present at birth
- deficiency diseases
- spread from one individual to another
- occur during life

65. 57. A reservoir of an infectious agent can be:

*Mark only one oval.*

- An asymptomatic human
- A symptomatic human
- An animal
- The environment

66. 58. Indirect transmission includes which of the following?

*Mark only one oval.*

- Droplet spread
- Mosquito-borne
- Foodborne
- Doorknobs or toilet seats

67. 59. Cold chain is a system of:

*Mark only one oval.*

- Keeping patients in cold temperature
- Storage and transportation of vaccine
- All of these
- None of these

68. 60. Bronchogenic carcinoma is cancer of:

*Mark only one oval.*

- Breast
- Intestine
- Lungs
- Liver
