

## ■ EAC-PM Releases Competitiveness Roadmap for India@100

The Economic Advisory Council to the Prime Minister (EAC-PM) released the Competitiveness Roadmap for India@100 on 30th August 2022. The roadmap is a collaborative endeavour between the EAC-PM and The Institute for Competitiveness. The India@100 roadmap sets guiding principles for India to become a

high-income country by 2047 through sector-specific and region-specific policies based on the '4 S' (Social, Solid, Sustainable, and Shared) principles that redefine our approach to attaining prosperity by stressing the need for growth to be matched by 'social progress', to be shared across all regions within India, to be environmentally sustainable, and to be solid in the face of external shocks. By capturing these four important aspects, the '4 S' guiding principles pave the way for resilient and holistic development.
