

Online Examinations (Odd Sem/Part-I/Part-II Examinations 2021 - 2022)

Course Name - --National Healthcare Delivery System

Course Code - BMRIT101

* You can submit the form ONLY ONCE.

* Fill the following information for further process.

* Required

1. Email *

2. Enter an E-mail ID to Get Acknowledgement of Exam Submission *

3. Name of the Student *

4. Enter Full Student Code *

5. Enter Roll No *

6. Enter Registration No *

7. Enter Course Code *

8. Enter Course Name *

9. Select Programme Name *

Mark only one oval.

- Diploma in Pharmacy
- Diploma CSE
- Diploma ECE
- Diploma ME
- Diploma CE
- Diploma EE
- Diploma MLT
- B.TECH.(CSE)-AIML
- B.TECH.(CSE)-DS
- B.TECH.(CSE)
- B.TECH.(ECE)
- B.SC.(IT)-AI
- BCA
- B.SC.(CS)
- B.SC.(BT)
- B.SC.(MB)
- B.SC.(ANCS)
- B.SC.(Agriculture)
- B.Sc.(AM)
- B.Sc.(MM)
- B.A.(MW)
- B.SC.(MSJ)
- B.SC.(JMC)
- BBA
- B.Com.(BF)
- B.Com.(BFA)
- BBA(HM)
- BBA(DM)
- BBA(LLB)
- LLB
- B.Optomtry
- B.Sc.(CCT)

- B.Sc.(OTT)
- B.SC.(MLT)
- B.SC.(MRIT)
- B.SC.(PA)
- B.Physiotherapy
- Bachelor in Pharmacy
- M.TECH(CSE)
- M.SC.(ANCS)
- M.SC.(AM)
- M.SC.(BT)
- M.SC.(MB)
- M.Sc(MSJ)
- M.A.(ENG)
- M.SC.(MATH)
- LLM
- MBA
- MCA

Answer all the questions. Each question carry one mark.

10. 1. What distinguishes primary health care from primary care

Mark only one oval.

- Works within a multidisciplinary framework
- Provision of interventions specific to the health need
- A focus on primary, secondary and tertiary intervention
- Planning and operation of services is centralized

11. 2. Comprehensive primary health care is characterized by activities that work to change:

Mark only one oval.

- Social and political determinants of illness
- Economic and educational well-being
- Health status in communities, regions or cities
- All of these

12. 3. Primary prevention is concerned with:

Mark only one oval.

- Preventing disease or illness occurring
- Delaying the progress of an existing disease or illness
- Maintaining current health status
- Treatment of existing disease or illness

13. 4. Which approach to health is the most concerned with the social causes of disease, injustice and inequity?

Mark only one oval.

- Biomedical
- Behavioural
- Ecological
- New public Health

14. 5. A person working as a health educator uses an approach that views health as related to

Mark only one oval.

- Pathological processes
- Behavioural change
- Health screening
- Minimising complications

15. 6. Allocation of health resources to one geographic area or group is an example of

Mark only one oval.

- Health inequity
- Health equity
- Health inequality
- Health justice

16. 7. Collective efforts by a group to increase their control over health determinants is known as

Mark only one oval.

- Community control
- Public policy
- Community action
- Health activism

17. 8. Which WHO meeting leads to the health care providers to health care consumers and communities?

Mark only one oval.

- First International Health Promotion Conference
- Australian Better Health Commission
- Alma Ata
- Health for All by the Year 2000

18. 9. The first International Conference on Health Promotion, meeting was held at

Mark only one oval.

- Mexico
- Ottawa
- Geneva
- Africa

19. 10. The headquarter of WHO is

Mark only one oval.

- Geneva
- Europe
- Ireland
- United Nation

20. 11. PRA in community participation is:

Mark only one oval.

- Participatory Rural Appraisal
- Participatory Rare Appraisal
- Participatory Rural Appearance
- Principle Rural Appraisal

21. 12. Trends affecting health care

Mark only one oval.

- Demographic trend
- Health workforce trend
- Technology trend
- All of these

22. 13. Which of the following is not for the communicable disease:

Mark only one oval.

- National Leprosy Eradication Programme
- National AIDS Control Programme
- Revised National Tuberculosis Control Programme
- National Diabetes Control Program

23. 14. World no Tobacco day is

Mark only one oval.

- 30th May
- 12th May
- 31th May
- 31th June

24. 15. When preparing a tissue for Histopathology and light microscopy, which method precedes clearing the specimen with an organic solvent?

Mark only one oval.

- Fixation
- Clearing
- Dehydration
- Embedding

25. 16. In Histopathology 'Histos' defines

Mark only one oval.

- Tissues
- Disease
- Diseased tissue
- Pathology

26. 17. Biopsy deals with

Mark only one oval.

- Dead body tissues
- Living body organism
- Diseased tissue from living organism
- Living tissues

27. 18. Embedding step requires:

Mark only one oval.

- Paraffin wax
- Molten wax
- Silicon oil
- Silica gel

28. 19. Tissue sample sectioning is carried out using:

Mark only one oval.

- Ultrasonicator
- Microtome
- Cryo-microtome
- Microscope

29. 20. Hematoxylene stain is used for:

Mark only one oval.

- Cytoplasm staining
- Nuclear staining
- Mitochondria staining
- Cell membrane staining

30. 21. Cell is counted using:

Mark only one oval.

- Hemoglobinometer
- Hemocytometer
- Cell sorter
- Sphigmomanometer

31. 22. Westergren method is used for : _____

Mark only one oval.

- WBC count
- ESR estimation
- Platelet count
- RBC count

32. 23. The basic Principle of Ayurveda includes all except:

Mark only one oval.

- Vyau
- Pitta
- Kapha
- Ulcer

33. 24. Surgery in AYUSH is called as:

Mark only one oval.

- Sallya
- Dhatri
- Kaya Chikitsa
- Bath

34. 25. Siddha is the ancient treatment of

Mark only one oval.

- East India
- West India
- South India
- North India

35. 26. Father of Homeopathy was

Mark only one oval.

- Hahnemann
- Pasteur
- Robert Cox
- Charak

36. 27. Unani is the ancient treatment of

Mark only one oval.

- Muslim Community
- Christian
- Punjab
- Jain

37. 28. Epidemiologists define disease occurrence in terms of:

Mark only one oval.

- Agent
- Host
- Environment
- All of these

38. 29. Virulence is the:

Mark only one oval.

- Ability to cause clinical disease
- Ability to cause severe disease
- The ability to evoke an immune response
- All of these

39. 30. An infectious disease agent may cause

Mark only one oval.

- No infection
- Subclinical infection
- Clinical infection
- All of these

40. 31. An epitope is

Mark only one oval.

- An antigen
- A subunit of an antigen that binds with specific immune receptors
- Usually causes autoimmune disease
- The envelope of a virus

41. 32. The most common cause of diarrhea globally is

Mark only one oval.

- E. coli
- Compylobacter
- Rotavirus
- V. cholerae

42. 33. Carcinogens are substances causing

Mark only one oval.

- Cancer
- Genetic disease
- Lung disease
- Liver disease

43. 34. The natural history of a disease describes the course of the disease in an individual starting from

Mark only one oval.

- Moment of exposure to outcome
- Moment of subclinical disease to outcome
- Moment of clinical disease to outcome
- All of these

44. 35. Cohort study design flows from

Mark only one oval.

- Outcome to exposure
- Exposure to outcome
- Exposure to no clinical symptom development
- None of these

45. 36. Odds ratio measures

Mark only one oval.

- The strength of association of risk factor to outcome
- Rate of exposure of suspected factor among cases and controls
- Incidence rate among exposed and non-exposed
- None of these

46. 37. Lymphoma related to:

Mark only one oval.

- Liver
- Kidney
- Heart
- Lymphocyte

47. 38. Leukemias is type of cancer associated with:

Mark only one oval.

- Lymphatic system
- Gland
- Bone
- Blood

48. 39. Allergic reaction are frequently associated with increase in :

Mark only one oval.

- Lymphocytes
- Eosinophil
- Monocytes
- Neutrophil

49. 40. The primary source of blood cell is:

Mark only one oval.

- Bone marrow
- Spleen
- Liver
- Lymph nodes

50. 41. The energy for all forms of muscle contraction is provided by

Mark only one oval.

- ATP
- Oxidative phosphorylation
- phosphocreatine
- ADP

51. 42. Chromatin is composed of:

Mark only one oval.

- Nucleic acid & protein
- Only nucleic acid
- Only protein
- None of these

52. 43. Diabetes is defined best as

Mark only one oval.

- A metabolic disease characterized by low blood sugar
- A metabolic disease characterized by high blood sugar
- A family of blood infections
- None of these

53. 44. Insulin is a natural hormone secreted by which organ or gland?

Mark only one oval.

- Kidney
- Liver
- Pancreas
- Spleen

54. 45. The denaturation temperature for DNA is:

Mark only one oval.

- 105oC
- 95oC
- 75 oC
- 97oC

55. 46. Fermentation of bread is carried out using

Mark only one oval.

- Bacteria
- Virus
- Yeast
- Fungi

56. 47. Osteoporesis is a disease related to:

Mark only one oval.

- Bone joint
- Skull
- Cardiac Muscle
- Ear

57. 48. Colon cancer is affects

Mark only one oval.

- Small intestine
- Large intestine
- Liver
- Spleen

58. 49. PPE is the acronym of

Mark only one oval.

- Personal protective equipment
- Person preparing estimate
- Protective and proliferative estimate
- None of these

59. 50. Full form of MERS-CoV

Mark only one oval.

- Middle East Respiratory Syndrome
- Minute End Respiratory Syndrome
- Middle East Reproduction Syndrome
- None of these

60. 51. Plagia means

Mark only one oval.

- Paralysis
- Pain
- Swelling
- Phobia

61. 52. Angio related to

Mark only one oval.

- Blood vessel
- Blood lymph node
- Blood cell
- Bone cell

62. 53. Autopsy deals with

Mark only one oval.

- Diseased tissue from dead body
- Diseased tissue from living body
- All type tissue
- None of these

63. 54. In Yoga, physical posture is known as:

Mark only one oval.

- Dhyan
- Pranayama
- Dharna
- Asana

64. 55. National Nutritional Programs

Mark only one oval.

- Midday Meal Programme
- National Nutritional Anemia Prophylaxis Programme
- Only Midday Meal Programme
- Both (Midday Meal Programme) and (National Nutritional Anemia Prophylaxis Programme)

65. 56. RBSK in National health mission is:

Mark only one oval.

- Rashtriya Bal Swasthya Karyakram
- Rashtriya Boy Swasthya Karyakram
- Rashtriya Bal Swacha Karyakram
- Both Rashtriya Bal Swasthya Karyakram and Rashtriya Boy Swasthya Karyakram

66. 57. Malaria is a disease caused by

Mark only one oval.

- Parasite
- Bacteria
- Virus
- None of these

67. 58. In glucose vial two most common anticoagulant is:

Mark only one oval.

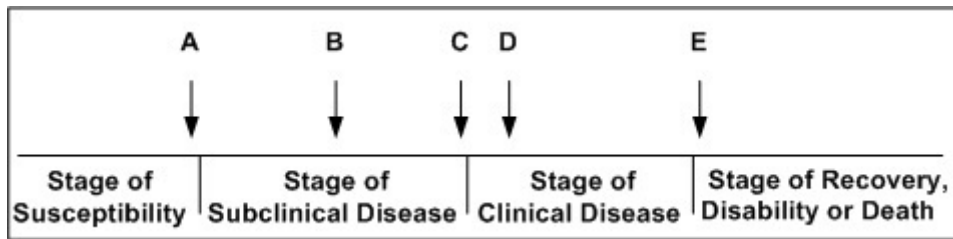

- Sodium fluoride
- Potassium oxalate
- None of these
- Both of these

68. 59. Hemostatic disorders deals with:

Mark only one oval.

- Bleeding abnormalities
- Clotting abnormalities
- Serum abnormalities
- Both (Bleeding abnormalities) and (Clotting abnormalities)

69. 60. Identify the appropriate letter from the time line in the following figure representing the natural history of disease.

Mark only one oval.

- A to E
- A to D
- C to E
- C to D
