■ **PM Modi Unveils Logo, Theme, Website, App for India's G20 Presidency**

Prime Minister Shri Narendra Modi, on 8th November, unveiled the logo, theme, mobile app and website of India's G20 Presidency. The logo draws inspiration from the vibrant colours of India's national flag - saffron, white and green, and blue. It juxtaposes planet Earth with the lotus, India's national flower that reflects growth amid challenges. The theme of India's G20 Presidency - "Vasudhaiva Kutumbakam" or "One Earth One Family One Future" - is drawn from the ancient Sanskrit text of the Maha Upanishad. Essentially, the theme affirms the value of all life - human, animal, plant, and micro-organisms - and their interconnectedness on the planet Earth and in the wider universe. The website of India's G20 Presidency www.g20.in will seamlessly migrate to the G20 Presidency website www.g20.org on 1 December 2022, the day India takes over the G20 Presidency. In addition to substantive information about G20 and logistics arrangements, the website would also be used to build and serve as a repository of information on G20. The website includes a section for citizens to submit their suggestions. In addition to the website, a mobile app "G20 India" has been released on both Android and iOS platforms.
