■ Indian Railways Completes Electrification of 82% of Broad Gauge Network

Indian Railways has completed the electrification over 82 percent of its complete Broad Gauge network. Out of over 65,000 Route Kilometers (RKM) of the network, more than 53,000 RKM have been electrified till October 2022. Indian Railways has embarked upon an ambitious plan of electrification of its complete Broad Gauge network which will result in better fuel energy usage, reduced fuel expenditure and saving of foreign exchange.
