■ India's Pharma Exports Rise by 138% as Compared to 2013

India's export of pharma products has registered a tremendous growth of 138% from April to October 2022 over the same period in 2013. Union Minister for Chemicals and Fertilizers, Dr. Mansukh Mandaviya said that the country's export of pharma products grew to over Rs. 90,000 crore from April to October of this fiscal year as compared to around Rs. 37,988 crore during the same period of 2013. He said, under the visionary leadership of Prime Minister Shri. Narendra Modi, India has emerged as a Global Pharma Powerhouse.
