

PM Modi Highlights India's Ascent in 6G Technology at Indian Mobile Congress

Prime Minister Shri Narendra Modi underscored India's determined advancement in the realm of 6G technology during the 7th Edition of the Indian Mobile Congress 2023 in New Delhi. He emphasised the government's efforts in making 5G accessible to all citizens, with a remarkable setup of 5G stations across the country.

Noting that India's rapid progress has elevated the nation from its previous rank of 118 to the 43rd position in mobile broadband speed, the PM underscored the government's commitment to democratise development and emphasised technology's role in propelling India from a developing nation to a developed one. The event also witnessed the awarding of 100 5G Use Case Labs to educational institutions, part of an initiative fostering innovation and preparing India for the future in the world of telecommunications.
