

usage, ultimately reducing the need for costly infrastructure upgrades.

■ **India Launches G20 Tourism and SDG Dashboard in Collaboration with UNWTO**

The United Nations World Tourism Organization (UNWTO) and India's G20 Presidency have joined hands to launch a new tool to advance the contribution of tourism policies and initiatives towards the Sustainable Development Goals (SDGs). The G20 Tourism and SDG Dashboard showcases best practices in tourism, case studies, and insights from G20 countries, and serves as a reference tool. It showcases the pillars of the Goa Roadmap for Tourism as a vehicle for achieving the SDGs around the five priority areas adopted by the G20 Tourism Working Group, which are: (i) Green Tourism (ii) Digitalisation (iii) Skills (iv) Tourism MSMEs and (v) Destination Management. Representing over 70% of global tourism, the G20 countries play critical role in transforming the tourism sector.
