

■ PM Urges G20 to Embrace 'Climate Action' & Protect Mother Earth

In a virtual address to the G20 Environment and Climate Ministers' Meet, Prime Minister Shri Narendra Modi emphasised the importance of climate action and called for greater protection of Mother Earth. He stressed the significance of 'Antyodaya,' ensuring the rise of the last person in society while addressing climate change. PM Modi proudly shared India's progress in renewable energy and biodiversity conservation, highlighting initiatives like 'Project Tiger' and 'Namami Gange' to restore and protect ecosystems. He called on the G20 to adopt 'G20 High-Level Principles for a Sustainable and Resilient Blue and Ocean-based Economy' and urged collective action to end plastic pollution. PM Modi expressed confidence that with unified efforts, 'Vasudhaiva Kutumbakam' - One Earth, One Family, One Future - can be achieved.
