

## PM Urges States to Collaborate with Centre on Advancing Sports Infrastructure

The Khelo India programme has completed five years encouraging sporting talent in the country. Prime Minister Shri Narendra Modi has said his government will continue to create the ideal environment for sports to thrive in India. In a virtual address to the Sports Ministers' 'Chintan Shivir' in Manipur, Prime Minister Shri Narendra Modi showered praise on the exceptional performance of athletes hailing from the North East region of India and recognised their crucial role in advancing the nation's sporting legacy. The Prime Minister urged the Centre and state governments to collaborate and take measures to provide high-quality sports facilities that can enable athletes to achieve success at the international level.

Union Minister of Youth Affairs and Sports and Information and Broadcasting, Shri Anurag Singh Thakur emphasised the importance of Khelo India through which the government has been striving to improve sports in every nook and corner of the country.
