■ National Green Hydrogen Mission Gets Cabinet Nod

The Union Cabinet has approved the National Green Hydrogen Mission, with a budget of Rs. 19,744 Crore.

The project aims to increase the country's green hydrogen production capacity to 5 million metric tons per year, with an associated renewable energy capacity of 125 GW. The mission, which will run until 2030, is expected to create over 600,000 jobs and result in Rs. 8 Lakh Crore of investment. It is also expected

Rs.17,490 crore
for SIGHT programme

Rs.1,466 crore for pilot projects

Rs.400 crore for R&D

Rs.388 crore towards other mission components

to reduce greenhouse gas emissions by 50 million metric tons per year, while creating export opportunities and cutting India's reliance on fossil fuels
