### ■ **NABH and NABL Accreditation to Two More AYUSH Institutes**

The Central Ayurveda Research Institute (CARI) in New Delhi and the Central Ayurveda Research Institute in Jhansi, both institutes under the Central Council for Research in Ayurvedic Sciences (CCRAS) of the Ministry of AYUSH, have received NABH and NABL accreditations, respectively. NABH is a constituent board of the Quality Council of India that operates accreditation programs for healthcare organizations, with a focus on patient safety and quality healthcare based on national and international standards. These accreditations will help to improve the medical infrastructure and facilities at these institutes, which offer a wide range of healthcare services to patients.
