Group-C

(Long Answer Type Questions)

5 x 6=30

7. Analyse the ethical concerns that may arise during conducting a psychological assessment. (5)
8. Describe the four cardinal values as given by Plato. (5)
9. Describe Unavoidable Multiple relationships with examples. (5)
10. Write a note on sexual minority stress and Gay-related stressors. (5)

11. Report the conditions of punishment and punishment terms for individuals who abuse or exploit persons with disabilities. (5)
12. Mr. Q, a daily wage earner, was seeking treatment for depression in the background of marital discord over their inadequate financial resources. His wife and mother-in-law refused to allow him to stay with the family and threatened him with divorce. Mr. Q was unable to get in touch with the wife and requested the therapist's help in contacting her. The therapist then sought help of a mutual friend who was also a hospital staff to convince the wife to meet the therapist. The wife came in for one session and discontinued after which individual therapy with the husband continued. As a sign of gratitude for her 'efforts', Mr. Q offered a cup of tea to the therapist when he accidentally met her at the hospital canteen. Plan how would you maintain boundary in this case. (5)

OR

Adapt the use of safety plans in cases of intimate partner violence in individuals engaged in sex work. (5)
