

# Research Scholars Conference in Health Sciences and Life Sciences 2025: A Catalyst for Future Researchers

Raghu Ram Achar and Biju Dharmapalan

**T**HE two-day Research Scholars Conference in Health Sciences and Life Sciences — 2025, was organised by the JSS Academy of Higher Education & Research (JSS AHER), Mysuru, from 27-28 February 2025, at Sri Rajendra Auditorium, JSS Medical College. The theme of the conference was “Frontiers in Health and Life Sciences: Innovations, Challenges, and Future Directions”. The conference attracted a diverse gathering of over 450 participants, including researchers, academicians, and industry professionals, eager to explore cutting-edge advancements and foster interdisciplinary collaborations.

This conference served as an important platform for young researchers to present their work, gain exposure to pioneering

research trends, and engage with global experts. Through keynote lectures, panel discussions, and workshops, scholars were introduced to the latest advancements in precision medicine, AI-driven healthcare, and translational research. By fostering an environment of knowledge exchange, the event laid the groundwork for future researchers to build on these insights, driving discoveries in health and life sciences.

The conference commenced with an inspiring inaugural session featuring distinguished speakers who emphasised the critical role of research in shaping the future of health and life sciences. Dr CG Betsurmath, Executive Secretary, JSS Mahavidyapeetha, in his presidential address, outlined the significance of fostering self-reliance in scientific research
