c) the analysis explaining meaning of evidence	d) a sentence that grabs your reader's attention
(46) A writer would use a call to action in which part of	of the essay and why?
a) introduction; to gain a reader's attention	b) conclusion; state a specific solution to an iden tified problem
c) conclusion; change the nature of his or her pro blem	d) conclusion; let a reader know what is being do ne about a particular problem already
(47) Where would you typically expect to find an essa	y's thesis statement?
a) At the end of your introductory paragraph	b) At the start of each paragraph
c) At the start of the concluding paragraph	d) At the end of the essay
(48) Which of the following is applicable to skim read	ing an academic text?
a) Making detailed notes	b) reading for specific information
c) reading the index	d) reading for an overview
(49) Select the correct order of information in a body p	paragraph of an academic essay

c) Evidences which have been presented by credible experts  (51) Why is it important to choose a relevant topic when it comes to research?  a) To contribute to new knowledge b) To gain the approval of others c) To hoard new knowledge d) To appear intelligent  (52) The term "very often" can be replaced in academic writing as a) Frequently b) Rarely c) Often d) Many times  (53) What is the purpose of a topic sentence in an academic essay? a) To give coherence to a paragraph c) To help with the flow of the sentences d) To help the reader understand what the paragh will be about d) To help keep references in correct order  (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging b) Engaging, bland, provocative c) Bland, copied directly from others, no references ces dences  (55) Choose the correct option. A strong thesis statement should a) state facts c) make the author's opinion clear based on evidence nece  (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denicd d  (58) The research participants are discussed in detail in which section of the research plan? a) Introduction c) Data Analysis  (59) The feasibility of a research should NOT be considered in the light of:	a) Evidence, explanation, topic sentence	b) Thesis, evidence, explanation
a) Evidence gathered from peer-reviewed source s c) Evidences which have been presented by credi ble experts (51) Why is it important to choose a relevant topic when it comes to research? a) To contribute to new knowledge b) To gain the approval of others c) To hoard new knowledge d) To appear intelligent (52) The term "very often" can be replaced in academic writing as a) Frequently c) Often d) Many times (53) What is the purpose of a topic sentence in an academic essay? a) To give coherence to a paragraph c) To help with the flow of the sentences d) To help the reader understand what the paragraph will be about a) Argumentative, specific, engaging b) Engaging, bland, provocative c) Bland, copied directly from others, no references c) Bland, copied directly from others, no references c) make the author's opinion clear based on evide nace (55) Choose the correct option. A strong thesis statement should a) state facts c) make the author's opinion clear based on evide nace (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or deni e) Otto Analysis c) State and State a	c) Topic sentence, evidence, explanation	d) Explanation, topic sentence, evidence
c) Evidences which have been presented by credible experts  (51) Why is it important to choose a relevant topic when it comes to research?  a) To contribute to new knowledge  b) To gain the approval of others c) To hoard new knowledge d) To appear intelligent  (52) The term "very often" can be replaced in academic writing as a) Frequently c) Often d) Many times  (53) What is the purpose of a topic sentence in an academic essay? a) To give coherence to a paragraph c) To help with the flow of the sentences d) To help the reader understand what the paragh will be about d) To help weep references in correct order  (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging c) Bland, copied directly from others, no references cs d) Engaging, bland, provocative d) A statement, opinion based, peer reviewed dences  (55) Choose the correct option. A strong thesis statement should a) state facts b) Reader guessing d) consist of a bunch of vague assumptions  (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied of C) Stated such that they can be confirmed or denied of C) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:		eature of information included in an acad
ble experts  Evidence based on gossip and mismiorine  (51) Why is it important to choose a relevant topic when it comes to research?  a) To contribute to new knowledge  c) To hoard new knowledge  d) To appear intelligent  (52) The term "very often" can be replaced in academic writing as  a) Frequently  c) Often  d) Many times  (53) What is the purpose of a topic sentence in an academic essay?  a) To give coherence to a paragraph  c) To help with the flow of the sentences  d) To help the reader understand what the paraph will be about  d) To help keep references in correct order  (54) Which of the following is a characteristic of a good thesis statement  a) Argumentative, specific, engaging  c) Bland, copied directly from others, no references  c) Bland, copied directly from others, no references  c) Choose the correct option. A strong thesis statement should  a) state facts  c) make the author's opinion clear based on evidence  (55) Choose the correct option. A strong thesis statement should  a) state facts  c) make the author's opinion clear based on evidence  (56) Which of the following is NOT a source of research ideas?  a) Past research  c) Theory  d) All of the above  (57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature constant they can be confirmed or denicled  c) Stated such that they can be confirmed or denicled  d) All of the above  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction  c) Data Analysis  (59) The feasibility of a research should NOT be considered in the light of:	,	b) Evidences which can be verified objectively
a) To contribute to new knowledge c) To hoard new knowledge d) To appear intelligent  (52) The term "very often" can be replaced in academic writing as a) Frequently b) Rarely c) Often d) Many times  (53) What is the purpose of a topic sentence in an academic essay? a) To give coherence to a paragraph c) To help with the flow of the sentences d) To help keep references in correct order  (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging c) Bland, copied directly from others, no references ces d) A statement, opinion based, peer reviewer dences  (55) Choose the correct option. A strong thesis statement should a) state facts b) keep the reader guessing c) make the author's opinion clear based on evidence (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denicd a) Introduction c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	· · · · · · · · · · · · · · · · · · ·	d) Evidence based on gossip and misinformation
c) To hoard new knowledge d) To appear intelligent  (52) The term "very often" can be replaced in academic writing as  a) Frequently b) Rarely c) Often d) Many times  (53) What is the purpose of a topic sentence in an academic essay?  a) To give coherence to a paragraph c) To help the reader understand what the paraph will be about c) To help with the flow of the sentences d) To help keep references in correct order  (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging b) Engaging, bland, provocative c) Bland, copied directly from others, no references ces  (55) Choose the correct option. A strong thesis statement should a) state facts b) keep the reader guessing c) make the author's opinion clear based on evidence  (56) Which of the following is NOT a source of research ideas? a) Past research b) Practical life issues c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied  (58) The research participants are discussed in detail in which section of the research plan? a) Introduction b) Method c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	(51) Why is it important to choose a relevant topic wh	en it comes to research?
(52) The term "very often" can be replaced in academic writing as  a) Frequently c) Often d) Many times  (53) What is the purpose of a topic sentence in an academic essay?  a) To give coherence to a paragraph c) To help with the flow of the sentences d) To help keep references in correct order  (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging b) Engaging, bland, provocative c) Bland, copied directly from others, no references ces d) A statement, opinion based, peer reviewed dences  (55) Choose the correct option. A strong thesis statement should a) state facts b) keep the reader guessing c) make the author's opinion clear based on evidence  (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied ed  (58) The research participants are discussed in detail in which section of the research plan? a) Introduction c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	a) To contribute to new knowledge	b) To gain the approval of others
a) Frequently c) Often d) Many times  (53) What is the purpose of a topic sentence in an academic essay?  a) To give coherence to a paragraph c) To help with the flow of the sentences d) To help keep references in correct order  (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging c) Bland, copied directly from others, no references cs d) Engaging, bland, provocative d) A statement, opinion based, peer reviewed dences  (55) Choose the correct option. A strong thesis statement should a) state facts c) make the author's opinion clear based on evidence d) consist of a bunch of vague assumptions  (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denicd d) All of the above  (58) The research participants are discussed in detail in which section of the research plan? a) Introduction b) Method c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	c) To hoard new knowledge	d) To appear intelligent
c) Often d) Many times  (53) What is the purpose of a topic sentence in an academic essay?  a) To give coherence to a paragraph c) To help the reader understand what the paraph will be about c) To help with the flow of the sentences d) To help keep references in correct order  (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging b) Engaging, bland, provocative c) Bland, copied directly from others, no references of the correct option. A strong thesis statement should a) state facts b) keep the reader guessing c) make the author's opinion clear based on evidence of the following is NOT a source of research ideas?  a) Past research b) Practical life issues c) Theory d) All of the above (57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied ed  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction b) Method c) Data Analysis d) Discussion (59) The feasibility of a research should NOT be considered in the light of:	(52) The term "very often" can be replaced in academ	ic writing as
(53) What is the purpose of a topic sentence in an academic essay?  a) To give coherence to a paragraph c) To help with the flow of the sentences d) To help keep references in correct order (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging b) Engaging, bland, provocative c) Bland, copied directly from others, no referen ces d) A statement, opinion based, peer reviewed dences (55) Choose the correct option. A strong thesis statement should a) state facts b) keep the reader guessing c) make the author's opinion clear based on evide nce (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied c) Stated such that they can be confirmed or denied a) Introduction b) Method c) Data Analysis (59) The feasibility of a research should NOT be considered in the light of:	a) Frequently	b) Rarely
a) To give coherence to a paragraph c) To help with the flow of the sentences d) To help keep references in correct order (54) Which of the following is a characteristic of a good thesis statement a) Argumentative, specific, engaging c) Bland, copied directly from others, no references ces dences (55) Choose the correct option. A strong thesis statement should a) state facts c) make the author's opinion clear based on evidence (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied ed (58) The research participants are discussed in detail in which section of the research plan? a) Introduction b) Method c) Data Analysis (59) The feasibility of a research should NOT be considered in the light of:	c) Often	d) Many times
aph will be about  c) To help with the flow of the sentences  d) To help keep references in correct order  (54) Which of the following is a characteristic of a good thesis statement  a) Argumentative, specific, engaging  b) Engaging, bland, provocative  c) Bland, copied directly from others, no referen  ces  (55) Choose the correct option. A strong thesis statement should  a) state facts  b) keep the reader guessing  c) make the author's opinion clear based on evide  nce  (56) Which of the following is NOT a source of research ideas?  a) Past research  c) Theory  d) All of the above  (57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature  c) Stated such that they can be confirmed or deni  ed  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction  c) Data Analysis  d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	(53) What is the purpose of a topic sentence in an acad	demic essay?
(54) Which of the following is a characteristic of a good thesis statement  a) Argumentative, specific, engaging  b) Engaging, bland, provocative  c) Bland, copied directly from others, no referen  ces  (55) Choose the correct option. A strong thesis statement should  a) state facts  b) keep the reader guessing  c) make the author's opinion clear based on evide  nce  (56) Which of the following is NOT a source of research ideas?  a) Past research  c) Theory  d) All of the above  (57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature  c) Stated such that they can be confirmed or deni  ed  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction  b) Method  c) Data Analysis  (59) The feasibility of a research should NOT be considered in the light of:	a) To give coherence to a paragraph	b) To help the reader understand what the paragraph will be about
a) Argumentative, specific, engaging c) Bland, copied directly from others, no references  (55) Choose the correct option. A strong thesis statement should a) state facts b) keep the reader guessing c) make the author's opinion clear based on evidence  (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied c) Stated such that they can be confirmed or denied  (58) The research participants are discussed in detail in which section of the research plan? a) Introduction b) Method c) Data Analysis  (59) The feasibility of a research should NOT be considered in the light of:	c) To help with the flow of the sentences	d) To help keep references in correct order
c) Bland, copied directly from others, no referen ces d) A statement, opinion based, peer reviewer dences  (55) Choose the correct option. A strong thesis statement should  a) state facts b) keep the reader guessing  c) make the author's opinion clear based on evide nce  (56) Which of the following is NOT a source of research ideas?  a) Past research b) Practical life issues  c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied  c) Stated such that they can be confirmed or denied  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction b) Method  c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	(54) Which of the following is a characteristic of a good	od thesis statement
ces dences  (55) Choose the correct option. A strong thesis statement should  a) state facts b) keep the reader guessing  c) make the author's opinion clear based on evide nce consist of a bunch of vague assumptions  (56) Which of the following is NOT a source of research ideas?  a) Past research b) Practical life issues  c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature b) Statements of predicted relationships between variables  c) Stated such that they can be confirmed or denied  c) Stated such that they can be confirmed or denied  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction b) Method  c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	a) Argumentative, specific, engaging	b) Engaging, bland, provocative
a) state facts b) keep the reader guessing c) make the author's opinion clear based on evide nce  (56) Which of the following is NOT a source of research ideas? a) Past research c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied  (58) The research participants are discussed in detail in which section of the research plan? a) Introduction c) Data Analysis  (59) The feasibility of a research should NOT be considered in the light of:	,	d) A statement, opinion based, peer reviewed evidences
c) make the author's opinion clear based on evide nce  (56) Which of the following is NOT a source of research ideas?  a) Past research b) Practical life issues c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied c) Stated such that they can be confirmed or denied  (58) The research participants are discussed in detail in which section of the research plan? a) Introduction b) Method c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	(55) Choose the correct option. A strong thesis statem	ent should
(56) Which of the following is NOT a source of research ideas?  a) Past research b) Practical life issues c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are a) Formulated after a review of the literature c) Stated such that they can be confirmed or denied c) Stated such that they can be confirmed or denied  (58) The research participants are discussed in detail in which section of the research plan? a) Introduction b) Method c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	a) state facts	b) keep the reader guessing
a) Past research c) Theory d) All of the above  (57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature b) Statements of predicted relationships between variables c) Stated such that they can be confirmed or denied c) Stated such participants are discussed in detail in which section of the research plan? a) Introduction b) Method c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:		d) consist of a bunch of vague assumptions
c) Theory  d) All of the above  (57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature  c) Stated such that they can be confirmed or denied  c) Stated such participants are discussed in detail in which section of the research plan?  a) Introduction  b) Method  c) Data Analysis  d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	(56) Which of the following is NOT a source of resear	rch ideas?
(57) Choose the correct option. Research hypotheses are  a) Formulated after a review of the literature  c) Stated such that they can be confirmed or deni ed  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction  b) Method  c) Data Analysis  d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	a) Past research	b) Practical life issues
a) Formulated after a review of the literature  c) Stated such that they can be confirmed or deni ed  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction  b) Method  c) Data Analysis  d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	c) Theory	d) All of the above
c) Stated such that they can be confirmed or deni ed  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction b) Method c) Data Analysis  d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	(57) Choose the correct option. Research hypotheses a	are
ed  (58) The research participants are discussed in detail in which section of the research plan?  a) Introduction b) Method c) Data Analysis d) Discussion  (59) The feasibility of a research should NOT be considered in the light of:	a) Formulated after a review of the literature	b) Statements of predicted relationships between variables
a) Introduction b) Method c) Data Analysis d) Discussion (59) The feasibility of a research should NOT be considered in the light of:		d) All of the above
c) Data Analysis d) Discussion (59) The feasibility of a research should NOT be considered in the light of:	(58) The research participants are discussed in detail is	n which section of the research plan?
(59) The feasibility of a research should NOT be considered in the light of:	a) Introduction	b) Method
•	c) Data Analysis	d) Discussion
a) prestige to be gained  h) cost and time required to conduct the stud	(59) The feasibility of a research should NOT be cons	idered in the light of:
a) presinge to be gained by cost and time required to conduct the stud	a) prestige to be gained	b) cost and time required to conduct the study

c) skills of the researcher

- d) potential ethical concerns
- (60) Which of the following is not a database to containing information to be used during a lite rature review
  - a) ERIC

b) Blogspot

c) PsychInfo

d) SocioFile
