

## ■ **PM Modi Calls for Stronger, More Resilient Global Health Security Architecture**

Prime Minister Shri Narendra Modi has called for strengthening and reforming the World Health Organization (WHO) to create stronger and more resilient global health security architecture. Participating in the Second Global COVID Virtual Summit at the invitation of US President Joe Biden on 12th May, PM Modi highlighted that as a responsible member of the global community, India would continue to play an active role by sharing its low cost indigenous COVID mitigation technologies, vaccines and therapeutics with other countries. India is working to extend its genomic surveillance consortium. India has used traditional medicine extensively and has laid the foundation for a WHO Center for Traditional Medicine to make this knowledge available to the world.
